General Notes

- All transactions are subject to our Conditions of Sale, copies of which are available upon request.
- It is the user's responsibility to ensure that materials supplied are suited to the intended application as no liability for direct or consequential loss is accepted.
- Great care has been taken to verify the accuracy of the information in this catalogue. But the company will not accept responsibility for any errors it may contain.
- All information contained in this catalogue is intended as a guide only. The information is not intended for use by designers or where specific and detailed, exact and precise information is required.
- Stock sizes, ranges and specifications are subject to alteration without notice.
- Non listed sizes and materials may be obtainable to order. Please contact us for details. Some sections may be cut from sheet or plate.
- Certified material is available to order and persons requiring Certificates of Conformity should ask at time of order. Most of our existing stock can be supplied with a Letter of Conformity.
- Certified materials to the relevant International Standards. Some of the materials are supplied with these certificates free of charge. Other materials incur an additional charge for supplying these certificates. Please contact us for any additional information.
- Our stocks are subject to continuous review so please contact us if your requirement is not listed in this catalogue.
